

"RIDERS" ON BILLS NOT THINGS APART

To Be Constructed With Text of
Measures, Declares U. S.
Supreme Court.

**TAX ON FOREIGN STOCK
IS HELD TO BE VALID**
Decisions in Long List of Cases
Handed Down by Highest
Federal Tribunal.

Riders on appropriation bills are to be given no special status in the Supreme Court of the United States, according to a decision of Chief Justice White, in passing on a "rider" to the sundry civil appropriation bill of 1907, whereby the Treasury Department officials were directed to follow the court's decision in "all" cases.

An attempt was made by counsel for Gen. A. M. Pennington, who sought to collect for long service pay based on service at the Military Academy, to have the court interpret a proviso in the appropriation bill as applicable to his case. The argument was that the proviso was a "rider" and, in accordance with the new method of legislating by riders on appropriation bills, it was to be construed independent of the rest of the bill.

The court holds that whatever new methods of legislating may have been adopted, when the courts came to interpret the law they must consider riders in connection with the rest of the bill in which they were found. In construing the proviso the court found the direction to follow its decision was limited by what preceded the proviso to back pay to volunteers and was not applicable to officers, such as Gen. Pennington. Chief Justice White remarked that the bill and the proviso were to be considered one for purposes of legislation and independent for purposes of judicial construction.

Taxation Law Upheld.

An attempt to raise a barrier against one state taxing its citizens on the par value of stocks held by them in corporations of other states met with failure yesterday when the Supreme Court held such taxation was valid.

This decision was announced in the case of *Truman R. Hawley*, a resident of Malden, Mass., who sought to enjoin the city from collecting a tax on stock held by him in the Chicago and North-Western Railway Company, an Illinois corporation, the *St. Louis and San Francisco*, a Kentucky corporation, and several industrial corporations of other states.

Persons who may have lived in the United States for years are still subject to deportation under the immigration law, should they be found in foreign homes and within three years after returning to this country engage in immoral practices, according to a decision yesterday by the Supreme Court in the case of *Anna Lapina*.

Stakes Not an "Improvement."
Stakes set into ground do not constitute a fence or "improvement" of land, according to a decision of the Supreme Court yesterday in awarding to James Day title to a tract of land near Bartlesville, Okla., in denying the claim of Robert Ross to the property.

Ross claimed the land as public land improved by him by erecting the posts. The day after Ross set the posts Day erected posts and strung wire on them. The Interior Department held Ross had not "improved" the land, while Day had. The Supreme Court yesterday annulled an unconstitutional law which gave express drivers and wagon so far as they were engaged in interstate commerce.

The court held the ordinance were interference with interstate commerce and not designed to regulate traffic on the streets. The city first began to enforce the ordinance after the express drivers' strike of 1910.

Washington Law Upheld.

The Supreme Court yesterday upheld the validity of a Washington state law authorizing first-class cities to include within any local improvement district state lands leased to private individuals on long terms of years. William P. Trimble, who had leased tide lands in Seattle for thirty years, sought to have the law annulled on the ground that all landowners, even when states, are in duty bound to pay all tax and assessments on leased land.

The Supreme Court yesterday upheld the action of Judge Evans, in the federal district court of western Kentucky, directing the clerk of the court to superintend the operation of the new telephone rate ordinance of Louisville, Ky., and in denying the court from time to time whether the income from the rates were confiscatory. The court held the ordinance was not a decision recently holding the ordinance

constitutional without prejudice as to new proceedings to test the alleged confiscatory nature of the ordinance. The court also approved the action of the judge in refusing to allow all subscribers to sue in one suit for refunds from other rates charged while the validity of the new ordinance was being tested.

Tender Front Not a Car.

The front end of a tender is not a car, within the meaning of the safety appliance laws, which requires automatic couplers for cars, despite the fact that the rear end has been held to be within the terms of the act requiring automatic couplers on cars. This was the decision yesterday of the Supreme Court, which held that the Philadelphia and Reading Railway Company was not responsible in damages for the death of one of its firemen because it had not replaced an old link and pin coupler with an automatic coupler.

Pennell was killed by dropping between the engine and the tender when the air brakes on a freight train on which he was riding suddenly set and the old link-and-pin coupler gave way.

The government won a victory over the headache nuisance yesterday when the Supreme Court held that headache tablets with labels stating that they contain acetaminophen, but not stating that this ingredient is a derivative of acetanilid, are misbranded within the meaning of the food and drug law of 1906.

The court held the intention of Congress to have persons who sell acetaminophen tablets was not without designating substances which are derivatives of those drugs.

After summarizing over the pronouncement of the chemicals, Justice McKenna, in announcing the court's decision, explained he did not concur in the pronouncement. Thereafter he indicated that he was of the opinion that the other unpromissible substance.

Must Surrender Fees.

Hereafter clerks of state courts may have the joy of collecting naturalization fees, but the clerks of counties for which the clerks are officials may require the clerks to pay the fees over to them.

The Supreme Court so held yesterday in the case of *Harry L. Mulvey*, county and city clerk of San Francisco, against the city. The city charter provides that all money collected by any official shall be paid into the city treasury, but Mulvey claimed that this did not apply to naturalization fees collected under the 1906 act of Congress.

The clerk was authorized by this act to retain one-half of the fees collected by him, turning the other half over to the city. The California courts held Mulvey could "retain" half the fees, but that he must pay his half to the city.

The Supreme Court has dismissed the appeal from the decision of the Wisconsin supreme court which upheld the constitutionality of the Wisconsin income tax law of 1911. The federal court did not pass upon the merits of the law, but acted merely on questions of jurisdiction.

Fixes Price of Gas.

By decision of the Supreme Court pronounced yesterday the price of natural gas as consumers in Kansas City, Kan., will be hereafter 25 cents per thousand cubic feet.

The court held that the act of the Kansas legislature, effective May 22, 1911, fixing the rates of all public utilities at the rates in force on January 1, 1911, did not violate the obligation of the federal government to furnish gas in Kansas City, which entitled the company to increase its rates from 35 to 47 cents per thousand cubic feet.

The Supreme Court yesterday decided that the United Globe Mining & New York Corporation, had acquired title to the O'Dougherty and the Big Johnny mines

in the Globe mining district in Arizona, by adverse possession. The United Globe Mines was represented in its litigation by Mrs. Sarah H. Smith, one of the first women ever to argue a case unassisted before the Supreme Court.

The court expressly refrained from passing on the question of whether a foreign corporation generally may acquire title to land by adverse possession, but expressly limited its decision to finding no error "in the decision of the territorial court of New Mexico in a question of local law."

Missouri, Nebraska, Iowa and Minnesota have been in favor of such acquisition and New York and Nevada against it.

Solicitor General Davis yesterday asked the Supreme Court to advance for early hearing the so-called tap line cases.

Boy to Collect Damages.

Harold Cramer, a twelve-year-old boy, whose hand was mangled by the explosion of a detonating cap picked up on a street in Chicago, which he "hit with a hammer," will receive more than \$6,000 damages as a result of a decision yesterday of the Supreme Court dismissing the appeal of the Parker-Washington Company, held responsible for the injury.

The hearing by the Supreme Court of the question of whether George G. Henry, a New York broker, must come to the District of Columbia to answer to an indictment of contempt in refusing to divulge certain information at the recent "money trust" investigation will probably be postponed until some time in February, as a result of a decision yesterday of the court to meet the desire of Henry's counsel.

The Supreme Court yesterday reversed a decision of the federal courts in New York which was unfavorable to the government in its case against James J. Rezan, a New York hotel man, charged with violation of the contract labor law. The lower court had held that the government must prove its case "beyond a reasonable doubt." The Supreme Court held that the government might stop after proving its case by a "preponderance of evidence."

NEGROES TO CELEBRATE.

Will Observe Birthday of Charles Sumner With Mass Meeting.

The birthday of Charles Sumner is to be celebrated by a mass meeting under the auspices of the District of Columbia branch of the National Association for the Advancement of Colored People to night at the Metropolitan A. M. E. Church, M street between 15th and 16th streets northwest. Among the announced speakers are Senator Moses E. Clapp, Rev. I. N. Rose, Judge Wendell P. Stief, New York Evening Post. Race segregation is to be the subject discussed.

A luncheon to Mr. Villard, who is chairman of the executive committee of the association, will be given at 11 o'clock, after the mass meeting, at the colored Y. M. C. A. branch, 12th street between S and T streets northwest. George W. Cook will be the toastmaster.

Held on Housebreaking Charge.

Louis Burrows and Charles Hall were held for the action of the grand jury in \$500 bonds each by Judge Pugh in the Police Court yesterday on a charge of housebreaking. It is charged the men entered the store of Israel Nicholson, 2520 M street northwest, January 1, and stole four pairs of shoes. Then entered pleas of "not guilty."

Gay Flour of Highland, Md., was accidentally shot in the neck by Miss Louise Misho at the home of Percy Sherov of Blue Ridge Summit, where she is visiting.

\$18 and \$20 Brussels Rugs

9x12 Ft. Room Size at **\$11.75**

Tomorrow we will hold another of those remarkable Rug Sales for which this famous fourth floor home furnishings section is noted.

They are the desirable 9x12 ft. Largest Room Size Seamless Brussels Rugs—the well known Alexander Smith's make, in 9 and 10 wire grades. All are made in one piece—no seams. Choice of floral, medallion and conventional designs, in colorings to harmonize with any room decoration or color scheme. Sale price—\$11.75 each.

Box-Loom Crepe de Chine

Regular \$2 Quality at **\$1.39 Yd.**

We've lowered the price on this beautiful silk right when it is in greatest demand for reception gowns, party frocks and afternoon dresses. Full 40 inches wide, the extra heavy rich crepe quality that gives the desired soft, graceful, draped effects now in vogue.

Choice of all the leading shades, including white, navy, brown, viciaria, king's blue, copenhagen, mals, lavender, light blue, pink, also black. Regular \$2.00 value at **\$1.39 a yard.**

Sale of 25c White "Flaxon"

at **12 1/2c a Yard**

This is the dainty white material women delight to buy for waists and frocks—the sheer, snowy white weave with a distinctive finish unlike any other white goods on the market.

It is full 40 inches wide, made of selected quality combed Egyptian yarn, that has gone through a new process that gives it that different appearance.

Because of trivial faults these goods are classed as "seconds," but the imperfections are hardly noticeable and certainly do not affect the appearance or serviceability. Tomorrow at **12 1/2c a yard** instead of 25c.

Samples and Half Pairs LACE CURTAINS, 39c Each

Fine Qualities. Sold by the Pair at \$2.00, \$3.00 and \$4.

IF BACKACHE OR KIDNEYS BOTHER

Eat Less Meat, Also Take Glass of Salts Before Eating Breakfast.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water, also get in at least four ounces of Jad Salts, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which every one should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble. Agent, O'Donnell's Drug Store.

Matched Bedroom Suite.

Sold Singly if you wish

Of twin design, effect pattern; neatly finished and strongly made. Full 12-inch base and bevel French plate mirrors.

Chiffonier, Worth \$16, **\$13.50**

Dresser, Worth \$22, **\$17.50**

Reliable Couch

Exceptionally strong—in frame and springs. The upholstery is
